

JOE BURFORD

PART TWO

This is taken out of MD.TAMS Journal summer 1981 issue. By STAN BROWN Past Pres., IOWMC (QUOTE) When I was chairman of the "Wooden Cent" division of the Cecil County Tricentennial Committee, I had eleven series of wooden cents made for the various sections of the county. These eleven series consisted of 273 separate woods. The cents were sponsored by merchants from the various sections of the county. They were given out by the merchants and a contest was held to see if anyone amass a complete collection. The winner collected 180 different cents. The series number, a Roman numeral, appears on the left side of the cent and the right side contains a letter of the alphabet that is contained in the title of the series.

Part three will be of clubs and shows. Also if you have any woods that did not make book one and book two they will be put in book three. If you send me a copy or send me the woods and I will make a copy of then and send you the woods back.

I would like to thank Pat Machurek who is the daughter of Walter Scott Sr. She said that her son Jackie McCraw Jr. has a complete set. He made copy's of the wooden nickels. So I could do this project. Each merchant had a complete set. So we know that there are 273 complete sets.

If anyone has any woods that are not listed in this part let me know and I will put them in part three. My address is JOE BURFORD 331 S. GILMOR ST. BALTIMORE, MARYLAND. 21223. Or you can send them to MD. TAMS P. O. BOX 644 GAMBRILLS, MARYLAND. 21054-0644
